Veinlite EMS PRO®

Recognized Worldwide as an Essential Part of an EMS Kit

Veinlite EMS PRO is a portable vein finder designed for EMTs, paramedics, first responders, and ER staff looking for one-stick vein access in challenging patient situations. EMS PRO's patented side-transillumination technology penetrates the skin surface to reveal the structure of deep and superficial veins, ensuring rapid and accurate patient care when every second counts.

Why Choose Veinlite EMS PRO

- Clinically proven Veinlite technology*
- Fewer IV access failures
- Improved patient outcome
- Built-in white exam light for patient assessment in the field
- Works on patients of all ages and skin tones
- Meets INS and CDC Guidelines for infection control
- FDA and CE registered

Invest in Veinlite EMS PRO and experience the benefits for your emergency response team.
